In partnership with Kingston Punk Productions, Modern Fuel Presents a Vapours concert featuring **The Famines**(Edmonton) and local band **False Face** on Thursday July 30th at 8pm. Vapours is a semi-regular concert series hosted by Modern Fuel whose aim is to provide alternative space for exploratory musical performances and to promote emerging experimental musicians both locally and nationally. **False Face** is a rambunctious group of musical troublemakers in Kingston, namely Stephen Guy, Paul Saulnier, and Mark Streeter. They bring the combined energy of years spent in garage rock bands, these guys are ready to explode.
