

# UNTITLED WORKS ON PAPER

State of Flux Space Untitled Works on Paper, by JoAnn Ralph

Artist's Statement The creative process involved in producing the work is primarily automatic, yet at the same time the results are precisely rendered with an attention to detail that is obsessive. Influences include both aerial and microscopic perspectives, native work and stained-glass windows. Family members, friends and the Kingston Arts Community remain a source of inspiration and support as well. Bio JoAnn Ralph was raised, educated, and works in Southern Ontario. She looks forward to further involvement in the Kingston Arts Community. JoAnn remains grateful to the Ontario Arts Council and the excellent staff and volunteers at Modern Fuel for their support.
