

OUT OF PRINT

Saturday, May 4, 2013 to Saturday, June 15, 2013

In the exhibition *Out of Print*, Modern Fuel's Artistic Director Kevin Rodgers explores the collection of print material in the Nan Yeomans Resource Library. Due to the diligent collecting of material by past board members and staff, the Resource Library has many unique and difficult to find items. *Out of Print* utilizes a range of local and national artists' books, catalogues and printed matter to address issues of format, circulation and distribution.
